

Attachment C

GED STUDENT CONSENT FORM

(to be printed two sided with the Parent Consent Form on the back of the document)

Every student enrolling in a GED program must sign this form prior to enrollment. If parental consent is required for enrollment, a student’s parent or legal guardian must sign the Parental Consent Form, and include it with this form.

I, _____, hereby intend to enter the New York City Department of Education General Educational Development (GED) program and to take the GED examination at the appropriate time. I understand that if/when I earn a passing score on the GED examination, I will be issued a New York State High School Equivalency Diploma.

I have read and I fully understand the attached document entitled “GED Consent – Fact Sheet and Frequently Asked Questions.” I understand that I am responsible for completing the work assigned to me, attending school regularly, and abiding by the policies set forth by the GED program and the New York City Department of Education.

I am aware of the educational rights granted to me by the City of New York, including the right to attend a high school diploma-granting program/school until the end of the school year in which I turn 21 years old. I am aware that my enrollment in a GED program means I will no longer be enrolled in a credit-bearing instructional program leading to a high school diploma. Further, I understand that, even once I am enrolled in a GED program, I retain the right to return to a high school diploma-granting program until the end of the school year in which I turn 21.

Student’s Date of Birth: _____
